The Swedish dance group AKITO under the direction of the iraqi-born choreographer Talat Samawi has been invited to and participated in several theatre and dance festivals in Marrakech during the years 2006 – 2008. Talat and his actors and dancers have then always been in residence at the Arabesca Institute for rehearsals and follow ups. On the photo below : Talat with Hassan Hammouche, director, playwright, actor, member of the Moroccan Actors' Union and president of the Moroccan Federation of Professional Theater Troupes in front of the door to the Cultural Library of Academia Arabesca. This library has a substantial collection of books about theatre, dance and music, film and theatre in the MENA countries.
